

KICK IT DELUXE **Football-simulator**

**Are you ready to play soccer against the best goalkeepers in the world ?
Then take a shot on goal with this interactive football-simulator !**

Players kick a real soccer ball towards a virtual goal.
Smart beam technology tracks the ball's speed and direction,
Allowing the computer to plot and display its continued path,
While a virtual goalkeeper challenges the player.
All of this stunning animation appears in real-time on the screen.
Players compete solo or in a head-to-head
against another player for the highest score.
